

Smarter Dental Coverage Starts Here

Key Benefits of our Self-Funded Dental Plan with ACS Benefit Services

Flexibility & Customization

Customize dental benefits to fit your workforce's needs, with flexibility to adapt as they evolve.

Cost Savings

Pay only for employee claims, avoiding fixed premiums and cutting unnecessary costs.

Actionable Insights

Use detailed reports to inform decisions, control costs, and boost employee satisfaction.

Self-funded plans allow the group to save on costs that may be associated with a Fully Insured Dental Plan. Cost savings and benefits from a self-funded plan include:

- Full control of the plan design
- Plan designs that will provide cost savings
- Eliminating insurance underwriting costs
- Eliminating premium tax
- Low administrative fee each month
- Lowering the group operation costs

Top-Tier Networks to Utilize with Dental Only Option:

With ACS Benefit Services, your employees have access to extensive dental provider networks across the nation, offering flexibility and choice.

A per-employee-per-month (PEPM) model offering extensive provider access.

A percentage-of-savings model focused on delivering measurable cost reductions.

A percentage-of-savings model designed to expand provider options and enhance employee choice.

We're here to partner with you to achieve long-term savings and success.
