

Reduce the Complexity and Cost of Renal Claims with Dialysis +Plus

ACS Benefit Services understands the havoc renal claims can have on businesses. So, we've joined forces with Specialty Care Management to reduce the cost and complexity of claims with Dialysis +Plus- a comprehensive management program for dialysis claims that has been uniquely designed to normalize claim costs with streamlined administration.

With Dialysis +Plus, one county government plan in New Jersey saw a case rate savings of \$3,076,371.88 resulting in an 84% discount from billed charges.

County Government Plan Inception to Date Savings Report with Dialysis +Plus

Total Billed	\$3,643,956.82
Case Rate	\$567,584.94
Case Rate Savings	\$3,076,371.88
Discount from Billed Charges	84%

Dialysis +Plus will help you meet the needs of members and simplify your clients' renal claims process with flat monthly case rates, participant advocacy, and demonstrated stop loss savings.

An easy solution to any group's benefit portfolio, Dialysis +Plus can be paired with almost any type of medical coverage- from self-funded to fully-insured or anywhere in between.
